Hispanic Heritage Month

Our students have been exploring geography, art, and history in honor of Hispanic Heritage month!

Each day, students have been exploring lesser known significant figures, cultural practices, and historical milestones to expand their worldviews and understanding of Hispanic heritage. Students have also participated in designing piñatas, making paper flowers, and creating intricate papel picados (punched paper) to contribute to our hispanic heritage celebration on September 25th.

We are so grateful for all of the families that participated in our celebration! Many made generous contributions, bringing cultural dishes to share and connect over.

Student Committee

Our student committee completed their first project! To make sure our Hispanic Heritage Celebration was inclusive, students researched, designed, and created informational posters to represent Hispanic countries. The committee spent two weeks promoting our event, completing their projects and hosting event crafts like face painting.

Student Spotlight

Our September students of the month were 5th grader Ryan and 6th grader Hector! Both are creative young artists active in our classes and clubs. These students were chosen for their persistent kindness and helpfulness.

The top lefthand logo on this month's newsletter was drawn by our 6th grade winner, Hector!
